Web Announcement 1971

## **Nevada 837 Electronic Claims and Attachments Functionality Implementation Delayed**

Update to [Web Announcement 1961](#): On September 16, 2019, the Division of Health Care Financing and Policy (DHCFP) and the Nevada Medicaid fiscal agent began implementation of a web-based enhancement to allow providers and Trading Partners to submit 837 claims electronically and upload attachments separately through the Provider Web Portal. Full functionality is not in place for providers/Trading Partners to use. Please do not use this functionality until notified to do so.

Although instructions for using this new functionality have been added to the [Electronic Verification System \(EVS\) User Manual Chapter 8: File Exchange](#) and the [Fee-for-Service Health Care Claim 837 Companion Guides for Dental, Professional and Institutional claims](#), please disregard the instructions until notified. A future web announcement will notify providers and Trading Partners when the full functionality has been implemented.
